

# Prayers Over United States

I lift up the United States before You, asking for Your guidance, mercy, and protection. Lead our leaders with wisdom and integrity so they may govern with justice and truth. Let righteousness prevail in our laws, and may this nation stand as a light to the world. Heal our divisions, Lord, and fill our hearts with love, faith, and unity. Strengthen our families, bless our communities, and raise up a generation that seeks Your will. Let revival sweep across this land, turning hearts back to You. Protect our nation from harm, expose darkness, and let truth and justice reign. I plead the blood of Jesus over this land, declaring that no weapon formed against us shall prosper. Revive our churches, embolden Your people, and let Your name be exalted across America. May Your will be done, and may this nation return to You. In Jesus' mighty name, I pray, Amen
